

THE ST. MARK'S EXPERIENCE

INTRO & PHILOSOPHY

St. Mark's Child Care Centre was created to respond to the needs of our community and those of each individual child. Nestled in the tranquil settings of the Veneto Centre Park, we have created a learning environment in which all senses will be stimulated in an interactive Learning Centre. Children will be given the opportunity to develop through play and interaction as well as through formal thematic teaching units. Your child will develop all the necessary skills to enter kindergarten with confidence.

The St. Mark's Child Care Centre is located within La Fenice Learning Centre a modern state-of-the-art teaching facility. It is also home to a fine Venetian literary collection and children's library as well as a fully equipped computer lab. Our five classroom facility, complete with in-house kitchen and food preparation area, exceeds every standard of the Ontario Ministry of Community, Family and Children Services.

Qualified Early Childhood Educators and Assistants have been hired. Our Director and teachers come with a long history in the field of Early Childhood Education and a proven track record. Our students not only receive quality care, but they get the head start they need.
